OBJECTIVE

Aspiring .NET Developer with hands-on experience in ASP.NET WebForms, MVC, Entity Framework, and modern JavaScript (AJAX, fetch, ES6 modules). Skilled in building full-stack applications with SQL Server, XML/JSON data handling, and C# OOP concepts. Seeking to contribute to innovative projects in a product-based company while expanding expertise in .NET Core and Azure.

Technical Skills

Languages: C#, JavaScript (ES6), SQL Server
Frameworks: ASP.NET WebForms, ASP.NET MVC, Entity Framework Code First
Frontend: HTML5, CSS3, jQuery, AJAX, Fetch API
Database: SQL Server (Stored Procedures, Joins, Transactions, Triggers)
Data Handling: XML parsing, JSON conversion
Concepts: OOP, LINQ, MVC architecture, Routing
Tools: Visual Studio, Git, Postman

EDUCATION

- ❖ B.Voc (Software Development) | School of Management Sciences, Lucknow
69.13% | (May'21-Jun'24)
- ❖ XII (CBSE) | Shams National School
63.6% | 2020
- ❖ X (CBSE) | Dinapur National School
72.5% | 2018

INTERNSHIP

- ❖ I've Done Six Month Training Of .Net By Alok Srivastava Sir (Apr 2026 to Sep 2026)

PROJECTS

- ❖ **BookStore App - Based on MERN Stack**
Authentication for user to login, signup, logout and authorization for Admin to add, update, delete books with Additional functionalities.
Link: <https://bookstore-9m97.onrender.com>
- ❖ **Student Management System (ASP.NET MVC + EF + jQuery AJAX)**
 - Built CRUD operations with dropdown binding, edit/update/delete logic.
 - Integrated SQL Server stored procedures for transactional consistency.
 - Implemented AJAX calls for seamless client-server interaction.Link: <https://github.com/ehsanA380/Authentication_30626>
- ❖ **Banking System Database Design (ASP.NET WebForms ,SQL Server)**
 - Designed normalized schema with triggers and stored procedures.
 - Implemented transaction handling for secure fund transfers.
 - With Full Login/Sign Authentication systemLink: [GitHub - ehsanA380/iBank](#)

HOBBIES

- ❖ Playing Chess
- ❖ Planting
- ❖ Coding

LANGUAGE

- ❖ Hindi
- ❖ English
